

# CRAIG LEWIS

Actuarial Analyst

craig.lewis@milliman.com

+1 781 213 6226

## Current Responsibility

Craig is an actuarial analyst with the Boston office of Milliman. He joined the firm in 2001.

## Professional Work Experience

Craig's consulting assignments have included embedded value calculations and review, mergers and acquisitions, international and U.S. GAAP accounting issues, U.S. GAAP and statutory financial modeling, economic capital review, modeling system implementation and training, and pricing support.

Craig recently took a three-year assignment in India with Milliman's Mumbai office, where he worked with clients in India, China, Hong Kong, Taiwan, Singapore, Thailand, Dubai, Indonesia, Malaysia, and Sri Lanka.

Craig has more than 15 years of actuarial and modeling experience. He has expertise in a variety of modeling software packages that include Integrate™, Prophet™, and Excel.

Prior to joining Milliman, Craig worked for Keyport Life and Sun Life Financial in Boston, where he gained experience in asset-liability modeling, annuity valuation, cash-flow testing, business plan forecasting, and annuity product development.

## Education

- BS, Mathematics and Economics, University of New Hampshire
