

# JANET PRICE

Employee Benefits Consultant

janet.price@milliman.com

+1 973 569 5728

## Current Responsibility

Janet is a consultant in the New York Metro Defined Contribution Services practice of Milliman. She has more than 20 years of experience in the employee benefits field.

Janet is currently responsible for new business development activities and system enhancements.

## Professional Work Experience

In the past, Janet directed day-to-day operations of the recordkeeping group and was responsible for all aspects of workflow management. This included the timely and accurate issuance of all quarterly statements of account. In this role, she was responsible for ensuring that all work was completed in accordance with the practice's standards and that all plan accounts were reconciled to trust assets on a daily basis.

Janet has extensive experience in the area of 401(k) plan administration and has been instrumental in the development of our defined contribution practice. She has created many of the practice standards and quality control procedures that are the foundation of the quality of Milliman's client services.
