

Sarah Ammons

Principal

CURRENT RESPONSIBILITY

Sarah is the DC Solutions Coordinator for the employee benefits software and hosting services provided by Milliman's Benefits Resource Center (BRC), a centralized technology and contact center services provider in Milliman's employee benefits division.

Sarah coordinates the functionality, architecture and presentation of the Milliman Defined Contribution participant and sponsor websites for Milliman. This includes writing requirements, working with analysts and developers, testing and documentation of all changes and enhancements.

She also coordinates the interfaces and enhancements for third party vendors and ancillary systems as they affect the online application.
