

Andrea R. Burrell

Actuarial Associate

CURRENT RESPONSIBILITY

Andrea is an actuarial associate with the Hartford, Conn., office of Milliman. She joined the firm in 2004.

EXPERIENCE

Andrea's clients include insurers, employers, and government entities. Her responsibilities for these clients have included pricing, reserving, experience analysis, and claim projections for healthcare benefits programs.

Andrea has been actively involved in Medicare Part D since its inception, supporting several large prescription drug plan (PDP) sponsors with the plan design, formulary design, and pricing of their prescription drug plans, design and pricing of employer group waiver plans on behalf of PDP sponsors, and performing retiree drug subsidy attestations for employers.

In addition, Andrea has worked with several employers who have reinsured employee benefits into their captives, primarily related to the responsibility of the independent fiduciary.

Andrea has coauthored articles including "Navigating Medicare Part D with Non-Calendar Year Plans," published in the May 2006 edition of *Employee Benefit Adviser*, and "Employee Benefit Plans and Captives" in the third quarter 2004 edition of *The DC Captive Insurance Newsletter*. In addition, Andrea has coauthored articles published in Milliman's *Benefits Perspectives* newsletter and *Insight* magazine.

EDUCATION

BS (magna cum laude), Mathematics and Quantitative Economics, Tufts University
