

Act. Eduardo Lara di Lauro, CIAyE

Principal and Consulting Director Mexico

CURRENT RESPONSIBILITY

Eduardo is principal and the director of Milliman's Consulting Practice in Mexico. He joined the firm in 2002.

EXPERIENCE

Eduardo has worked in the insurance industry since 1986. Beginning in 1995, he started his specialization in health insurance researching and creating managed care capabilities for an insurance company in Mexico. Through his leadership, this company was the first insurer to obtain the National Commission of Insurance authorization to operate comprehensive health plans in Mexico.

Later, Eduardo was the general director of a subsidiary of ACTI, Inc. (BlueCross BlueShield of Arizona, BlueShield of California, and BlueCross BlueShield of Texas and Illinois). He helped design the entity's business plan and developed its work plan and financial projections, including the infrastructure required by a Specialized Health Insurance Institution. During his time as general director of this entity, which received the "BlueCross BlueShield de México" trademark, Eduardo was granted authorization by the National Commission of Insurance to operate a major medical insurance company.

Since he joined Milliman he has advised companies related to the healthcare financing and delivery system in Mexico, the U.S., Chile, Panama, Dominican Republic and Peru regarding investments, joint ventures, feasibility studies, product design and pricing, reserves sufficiency among other projects.

PRESENTATIONS AND PUBLICATIONS

Eduardo has presented on health insurance, health systems, and managed care topics in

Mexico, the United States, Chile and Panama. He has presented in Germany and France at International Association of Actuaries Congresses.

He has published several articles on health care systems and health insurance issues.
