

Rachin Aggarwal

MBA, B.Com
Consultant

CURRENT RESPONSIBILITY

Rachin is a healthcare consultant at Milliman's New Delhi office and leads the health actuarial team. He joined the firm in 2008 as an actuarial analyst.

EXPERIENCE

Rachin has more than six years of experience in health insurance actuarial consulting, health data analysis, and project management.

He has worked extensively on various health product pricing, data analyses, reserving, underwriting, and benchmarking assignments, including tool development and training.

He has been involved with assignments for insurance companies in India, the United Kingdom, the United States, the Middle East, Hong Kong, and Indonesia. He has also worked on Milliman proprietary products and tools specifically designed for the U.S. health insurance industry.

Rachin's experience includes:

- Medicare
- Benefit design and product pricing
- Data analytics
- Milliman's Health Cost Guidelines®
- Benchmarking

PROFESSIONAL DESIGNATIONS

- Associate, Insurance Institute of India

EDUCATION

- Masters in Business Administration, Insurance and Finance, National Insurance Academy School of Management, Pune, India
- Bachelor of Commerce, Panjab University, Chandigarh, India

PUBLICATIONS

- Health insurance data, pricing and reserving. Included as a chapter in IC-27 – Health Insurance course material of Insurance Institute of India, 2010
