

Jeff Anderson, FSA, MAAA

Actuary

CURRENT RESPONSIBILITY

Jeff Anderson is an actuary with the Minneapolis office of Milliman. He joined the firm in 2009.

EXPERIENCE

Jeff's primary area of concentration is the long-term care insurance market. He has experience with assumption development, experience studies, pricing, state insurance department rate filings, modeling, valuation, asset adequacy testing, and financial reporting. He also has experience with modeling, valuation, and financial reporting for a wide range of supplemental health care products.

Jeff has background in statutory, GAAP, and tax reporting for life and health insurance companies. He has worked with MG-ALFA and other valuation and projection systems.
