Current Responsibility

Tarik Aouragh works as a consultant in the Amsterdam office of Milliman.

Professional Work Experience

Tarik joined Milliman in 2022 and has one year of experience.

Working with various clients during the past year, his experience includes:

- Modelling the valuation of inflation impacts and acting as part of a team involved in documentation for a life insurer
- Supporting an ALM study for optimal SAA
- Participating in the appropriate assessment of the Solvency II standard formula for a life insurer
- Performing statistical review of economic scenarios, generator output of a large European insurer
- Supporting integration of Aegon and ASR Risk Policies

Before joining Milliman, Tarik worked as a data analyst at a.s.r. from 2020 to 2021.

Outside of Milliman, Tarik has obtained professional and leadership skills during various extracurricular programmes.
