

Luis O. Maldonado Irizarry

FSA, MAAA
Consulting Actuary

CURRENT RESPONSIBILITY

Luis is a consulting actuary and joined Milliman in 2009 to open the San Juan, Puerto Rico office.

EXPERIENCE

While working at Milliman, Luis has assisted clients from different spectrums of the healthcare industry. This includes work with insurance carriers, health plans, hospitals, IPAs, employer groups, brokers, and PBMs. His projects have involved calculating premiums, reviewing capitation contracts, analyzing benefit changes, and financial projections, among others. He also has a strong knowledge of Medicare Advantage Prescription Drug plans. By having exposure to such a variety of clients, Luis is able to leverage his understanding of all stakeholders and bring significant insight into projects.

Prior to joining Milliman, he served as assistant vice president at a leading health insurance carrier. In this position, Luis gained a solid background in claims reserving and valuation, pricing management, product development, group underwriting, statistical data reporting and analysis, and financial forecasting. Prior to that experience, Luis worked as a financial analyst in acquisitions and corporate investments at one of the top 50 largest banks in the United States. His role included active participation in the evaluation and structuring of mergers and acquisitions activity.

Luis is also fully bilingual (Spanish and English).
