

Katie Matthews

ASA, MAAA

Associate Actuary

CURRENT RESPONSIBILITY

Katie Matthews is an associate actuary with the Denver Health Practice of Milliman.

EXPERIENCE

Katie's recent work includes analysis of behavioral health integration programs in the state of Colorado, involving detailed benchmark analyses, as well as cost and savings projections. She has also assisted health plan issuers in determining compliance under MHPAEA, working with large, detailed datasets from multiple sources with regard to both quantitative and non-quantitative treatment limitations.

Katie has also gained substantial expertise in the commercial healthcare market under ACA, completing financial reporting and health plan pricing in both the individual and large group markets.

She is also heavily involved with the development and maintenance of the *Milliman Underwriting Guidelines*.

Katie has obtained associateship in the Society of Actuaries and is studying to achieve Fellowship.
