

Stephanie Moench

FSA, MAAA
Actuary

CURRENT RESPONSIBILITY

Stephanie Moench is an Actuary with the Minneapolis office of Milliman. She joined the firm in 2011.

EXPERIENCE

Stephanie specializes in long-term care (LTC) insurance. She has assisted clients in the areas of pricing, state insurance department rate filings, compliance issues, experience analyses, assumption development, model governance, actuarial appraisals for mergers and acquisitions, cash-flow testing, and financial reporting. Stephanie has extensive experience with Milliman's MG-ALFA® projection software and has worked with LTC combination products.

Stephanie coauthored the article "Mechanics and Basics of Long-Term Care Rate Increases" that is required reading on the Society of Actuaries Group and Health Core exam syllabus.
