

Aaron Shapiro

EA, FSA, MAAA

Consulting Actuary

Current Responsibility

Aaron Shapiro is a consulting actuary in the Little Falls office of Milliman. He joined the firm in 2020.

Professional Work Experience

Aaron has over 20 years of pension and employee benefit consulting experience. He has served as lead actuary to both public and private sector clients and his expertise includes large governmental retirement programs, multiemployer pension plans, church plans, and corporate single employer pension plans. Assignments have included actuarial valuations, GASB 67/68, experience studies, legislative cost analysis, sensitivity analysis, deterministic and stochastic asset liability modeling, union negotiations, zone status projections, plan design consulting, and expert witness testimony.

Aaron has worked with his clients to develop unique client-specific pension risk management frameworks to facilitate the decision making process regarding plan design changes, target funded ratios, and surplus management. He has also worked with his clients to identify the employee impacts of plan design changes including replacement income analysis.

Aaron has presented to boards of trustees as well as senior management and has led trustee education session on actuarial topics.
