

## Courtney R. White

FSA, MAAA  
Principal, Consulting Actuary

### CURRENT RESPONSIBILITY

Courtney is a principal and consulting actuary with the Atlanta office of Milliman. He joined the firm in 1996.

### EXPERIENCE

Courtney works with start-up and existing risk-taking entities, including health maintenance organizations, health insurance carriers, accountable care organizations, provider organizations, and self-insured employers. He assists his clients in developing and evaluating strategies in the commercial, Medicare, and Medicaid markets.

He has significant experience and proficiency in providing the following services in a cost-effective manner:

- Evaluation of blocks of business for mergers and acquisitions
- Financial reporting, including the 3Rs
- ACA individual and small-group product development, pricing, and regulatory filings
- Large-group rating and underwriting
- Self-insured employer premium equivalent development
- Medicare Advantage feasibility studies and bids, including PDP
- Risk score optimization
- Provider reimbursement benchmarking
- Evaluation of provider risk sharing arrangements

Courtney has made numerous presentations and written articles and papers on the ACA, CO-OPs, risk adjustment, and other emerging healthcare issues.

Courtney was previously an actuarial consultant with a national accounting firm. Prior to that position, he worked for the Florida Department of Insurance.

### PROFESSIONAL DESIGNATIONS

- Fellow, Society of Actuaries
- Member, American Academy of Actuaries

### EDUCATION

- BS, Mathematics, Florida State University
